

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claims 1-31. (cancelled)

Claim 32 (previously presented): An isolated polynucleotide comprising a liver-specific expression control sequence; wherein said liver-specific expression control sequence comprises the nucleic acid sequence of SEQ ID NO:1; and wherein said expression control sequence modulates expression of a vertebrate liver fatty acid binding protein (L-FABP).

Claim 33 (previously presented): The isolated polynucleotide according to claim 32, wherein said polynucleotide is isolated from zebrafish.

Claim 34 (previously presented): The isolated polynucleotide according to claim 32, wherein said liver-specific expression control sequence comprises the nucleic acid sequence of SEQ ID NO:2.

Claim 35 (previously presented): The isolated polynucleotide according to claim 32, wherein said liver-specific expression control sequence comprises the nucleic acid sequence of SEQ ID NO:3.

Claim 36 (previously presented): The isolated polynucleotide of claim 33, wherein said nucleic acid sequence is isolated from an upstream region of a gene encoding a zebrafish L-FABP.
